Providing Technological Expertise

CORPORATE PROFILE

Founded in 1993, San Jose, California headquartered Ace Technologies is a nation-wide provider of technology services. To cater for the solution development needs of our clients we also have a world-class delivery center at NOIDA, India.

Ace is a certified Minority-Owned Business. We are committed to creating a diverse workplace for our employees.

EXPERTISE

Ace Technologies has over a decade of experience providing high quality IT consulting and Staffing services to clients throughout the United States. Ace Technologies fills clients' technical needs everyday by matching the industry's most talented IT professionals with thousands of companies who need their assistance. We have got more than 500 consultants who are on our rolls and are working with prestigious fortune 500 companies in areas such as ERP Implementation (functional and technical), Microsoft Technologies, Java, Oracle, DataWarehousing and Mainframe technologies

Our Recruiting and Account Management team, of

more than 150 members, consists of some of the best sourcing specialists, referral recruiters, database recruiters, account managers and Internet specialists in the industry.

Almost all of our team members hold a Masters degree and more importantly, possess substantial project delivery experience. So, as a Client or as a Consultant, you will interact with people who have been in your shoes. They know where it pinches. They have been there too. They know what you need. And also, what you don't.

OUR PROCESS

Using our proven yet flexible **RightSKILLS** process, Ace Technologies is able to consistently deliver quality service in a timely and professional manner. Focused around 10 simple yet effective steps, **RightSKILLS** streamlines the recruiting and placement processes by thoroughly identifying your needs up front, establishing solid lines of communication throughout your experience, and effectively pooling the expertise of our recruiting and account management teams. By utilizing Ace Technologies' **RightSKILLS** a process you'll enjoy more targeted opportunities, appropriate submittals, shorter placement times, and most importantly exceptional customer service.
